
The Association

Founded in 2003, “**La Grande Famille de Procida & Ischia**” is a non profit French association that gathers together the descendants of this region of Southern Italy. In fact, since the 19th century, a large part of the Italian migrants were coming from the islands of the Naples area. Fishermen, tradesman or farmers, they populated the French North Africa and the United States, others went to France, Argentina or Australia. Today their descendants are Italian, French, American, Argentinean, etc...

Initially, thanks to digitalization and computerization, the Association's main objective was the **preservation of the archives** of the islands of Procida and Ischia.

Starting from 2013, our mission has doubled, officializing a **cultural dimension** in order to promote and preserve the historical, cultural and natural heritage of the phlegrean and pontine islands, reinforcing the attachment to our roots and our story of migration.

The islands of Procida and Ischia belong to the Phlegrean islands, located in the north of the bay of Naples. They are part of the Phlegrean Fields of which the volcanic activity was at the origin of these islands.

Procida is a cut shaped island of 4,1 km² and includes the neighboring small island of **Vivara**, today a natural reserve. The island features fishing ports, marina, cliffs, creeks and sandy beaches. The island peaks at 91 meters with the medieval village of Terra Murata, a fortified place that includes the former Spanish castle reconverted into a prison by the Bourbons and the Saint-Michael Abbey.

Ischia is a volcanic island of 47 km² formed by the lavas of the Epomeo that peaks at 780 meters and of which the eruptions went on until the 14th century. The island of Ischia benefits from a rich and varied agriculture, numerous thermal stations and attracts the tourists looking for relaxation and walk trips in magnificent

THE WALL OF MIGRANTS

The monument "The Wall of Migrants" is located overhanging the small fishing port of Corricella in Procida. It will be inaugurated on May 3, 2022 on the occasion of the General Meeting of the Association "La Grande Famille de Procida & Ischia", to commemorate the memory of our ancestors who decided to change their life emigrating to other countries. The Wall of Migrants, symbol of the migrations of past centuries, is a bridge between generations. It also today connects the inhabitants of the islands with the descendants of these migrants. It pays tribute to our ancestors through their inscription engraved on this wall by perpetuating their memory. In addition, the digital Wall of Migrants, accessible to all online, shares their story.
