

Back from our General Meeting

Our 11th General Meeting took place in Mallemort in Provence on Saturday, October 3rd.

A magnificent day, simple and friendly, punctuated by our conferences, topics to be debated in the General Meeting, nearly 70 participants took part, a surprise with the release of our book and to finish a concert of Neapolitan, Sicilian and Calabrian songs in a warm family atmosphere. A big thank you to Mylène DEL BIONDO and Jean-Michel MAZZELLA who managed the organization and logistics of this successful day!

Find **on our website** all the documents of the day, **presentation** and **minutes** of the General Meeting, the **conferences** and the press article in the newspaper La Provence.

Major **decisions** taken by the General Meeting of Members include:

- ✓ The adoption of the **new Articles**;
- ✓ The setup of a new Administration Council with 7 members instead of 5;
- ✓ The possibility of **searching** and **consulting the registers** in person **at our headquarters**;
- ✓ **Accelerating the indexing of civil registers** by organizing **training sessions** for new volunteers.

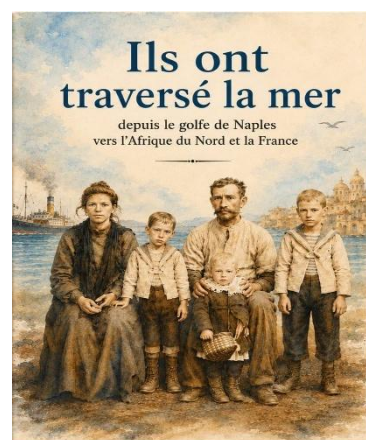

To **book your visit** to the association's headquarters in Villiers-sur-Loir, and/or to **join the volunteers** in indexing by taking advantage of a training session, simply contact us at info@procida-family.com.

The Administration Council thanks you for your encouragement, contributions and support for our initiatives.

"Ils ont traversé la mer" They crossed the sea

On the occasion of our General Meeting, the association has published a book of photographs as a new tribute to our ancestors and to immortalize our story.

A bicentenary journey through the photographic testimonies of the men and women, who with courage, determination and hope, faced the hardships of migration and the integration of their families into the French society of North Africa and Metropolitan France, preserving part of their Neapolitan identity but losing over time and events the memory of their original roots.

This photographic collection is dedicated to our ancestors, our parents, grandparents or great-grandparents from Procida and Ischia. We pay tribute to them here by illustrating the life project they carried out and which today allows us to bear witness to their sacrifices, to find our roots and to continue their history.

Published in 160 copies only. Its price is 15 Euros + packing and postage.

Thank you!

Publication

Laura MATTERA IACONO is a fervent admirer of our association and the work of remembrance that we have been carrying out for many years. She leads, in Ischia Ponte, the reading group "Al tavolo di Amalia". Through her blog, she reports in particular on our activities, general assemblies, inauguration of the Migrant Wall, and our exchanges in Ischia.

Laura has just published a book that tells the story of the life of her father, Agostino MATTERA IACONO (1922-2010), known as Pagliuchella, a doctor who was very popular in Ischia, the conflict that opposed her to him and which was finally calmed down thanks to a magic box. This story is, for her, an opportunity to describe the too rapid and poorly

controlled evolution of Ischia, an island of peasants, fishermen and craftsmen, which became a highly sought-after tourist destination from the 1950s onwards.

His book is available in bookstores in Ischia and elsewhere in Italy but also online on Amazon.
