### Meeting with members on April 14, 2018

We were 66 in MARSEILLE (France) on Saturday 14<sup>th</sup> April 2018 despite train strikes and demonstrations... On a sunny day, the Grande Famille was able to share friendly and warm moments!

April 14, 2018 in Marseille

You will find on our web site the **slides** of the conferences:

- *Status on our current and future projects* – Pascal SCOTTO DI VETTIMO
- *The story of the BARONE family in Marseille* – René BARONE

You will also find the **photos** of this event on our OneDrive share – the link has been published on our internal message board.

The **main points** to remember:

- The **next meeting** will be held in the Paris area at fall 2018
- The indexing work of the **registers of censuses** is ongoing – more details on the right.
- The **next General Meeting will be in 2019** – place and date to be confirmed.

Thank you again to René and Christian-Marie who prepared our event in Marseille.

### Indexing the registers of censuses

Voted at our last General Meeting, we are currently working on **indexing all registers of souls of PROCIDA** (60 registers) **and ISCHIA** (10 registers).

This is **major work** to be carried out and it includes:

1. Indexing all the families and individuals
2. Indexing the various locations and areas
3. Modifying our online database and create the various necessary forms and screens for the web site
4. Importing the indexed data into our online database

There are **many benefits** and it will allow you to:

- Locate you family
- Unblock your research
- Find unknown brother and sisters
- Understand the evolution of surnames
- Identify the places and addresses over the decades and centuries

To this date, René BARONE, Michèle SCOTTO DI VETTIMO et Sylviane MORIAU have indexed 9 registers including 7 for PROCIDA and 2 for FORIO d'ISCHIA.

**Today I am pleased to announce that 7 registers of PROCIDA from the 18<sup>th</sup> and 19<sup>th</sup> centuries have been imported in our online database.**

However, at this stage, only the feature to search on a register is operational. The other features like searching within a time interval, viewing a record and ordering the digital copy of a record will arrive hopefully before the summer.

To be continued...

### Sad news

Yvon CORTES has left us on April 19, 2018 at the age of 79 years. Member of the Association from 2006 to 2015, I had the chance to meet him several times. His family research was very important to him and I am glad I was able to help him. His kindness and gratitude towards me were my best reward.

## Evolution of our web site

I confirm that we started to implement some new features to our web site including:

- **[DONE]** New links for the Articles, the Terms and Conditions, the User's Guide now available in multiple languages (French, English, Italian mainly) to allow members to understand them depending on their citizenship;
- **[DONE]** Modification of the database to be able to receive the new indexes of censuses, as soon as they are completed;
- **[DONE]** Implementation of the feature to *Search in a register* of censuses;
- **[DONE]** The following new places of origins have been added: *Corsica, Sardinia* et *Sicily*. They are now available on your profile. Please update it as needed.

The next feature to be developed are in order:

1. Implement the other features of search for censuses (*Search in a period, All records in a register, Record search*);
2. Implement the *View* button to display the selected census record;
3. Implement the ability to *Order* a census document – thus adapting the existing process for dealing with the orders;
4. Review and modify the related features (*Statistics, My Records, Database Maintenance...*).

Do not hesitate to let me know if your encounter problems or anomalies by sending a message to [info@procida-family.com](mailto:info@procida-family.com) including the necessary information for reproducing the issue and screenshots if needed.

Thank you in advance for your help and patience.

*Text taken from the book – in French only:*

« Quelle chance d'avoir pu retrouver un manuscrit rédigé par ma grand-mère paternelle Giovanna Anna. Ella a pu l'écrire avec ses dernières forces à la fin d'une longue maladie qui a fini par l'emporter.

Le récit nous conduit de son île natale d'Ischia à l'Algérie que la carrière de son mari lui a fait traverser. Malgré les peines et les malheurs qu'elle a pu vivre, elle a aimé cette terre qu'elle a faite sienne pendant plus de soixante ans. Avant qu'elle ne termine sa vie de l'autre côté de la Méditerranée, dans un pays qu'elle ne connaissait pas.

J'ai eu beaucoup d'affection pour cette femme qui fut une grand-mère aimante. Et je suis heureux de faire connaître son autobiographie, que j'ai agrémentée de photos et d'une annexe généalogique. »
