In the press

You will find on our website in the section "News | Press" the latest publication in the local newspaper ProcidaOggi of December related to our initiatives and next General Meeting

Memory of places

It is an initiative by Geneanet on which it is possible to reference places of interest. There, you will discover the history of the places and the inhabitants who have lived through significant events. A walk-through time and space...

We have therefore registered our two memorial and historical achievements, of which the following are the direct links:

- The commemorative plaque in memory of the American Reverend Vincent Capodanno inaugurated in Procida in 2013:
https://www.geneanet.org/lieux/?id_marqueur=151483
- The Wall of Migrants overlooking the Marina Corricella in Procida, inaugurated in 2022:
